As vintners, it is our honor and responsibility to care for the land that sustains us; to preserve the environment for our children and generations to come. Every bottle of wine that we make is truly a harmonious expression of the earth and our commitment to it.

Winemakers Notes

We were excited at the opportunity to make a Rose' from our families Pinot Noir vineyard in Colusa County just over the hill from our Home Ranch.

Our Rose' has delicate aromas of strawberries, citrus, and violets. The crisp flavors are of raspberry, strawberry and fresh lemon zest. Best served chilled with good friends and sunny days.
